Tournament

The first day of the competition includes 4 rounds of stroke play (two on the miniature course and two on the MOS concrete course). All groups start from the first lane of the every course (optionally women from concrete and men from miniature).

At the first part of the second day of the competition all participants are playing 2 rounds of stroke play. Basing on the results of the 6 rounds the 6 best female and 9 best male players are going to the final rounds. The results of the preliminary rounds are calculated according with the Rules of Minigolf for stroke play. At the equal count the differences of the best and worst rounds are taken into account. The number of the qualified players can be changed before drawing by Organizing Committee.

The final includes 2 rounds of the stroke play and takes into account the score of the preliminary rounds. In case of equal results of 1-3 players in the any category the "sudden death" game is carried out starting from the first lane of the finally played course.
